

# TODDLER GROUPS

Toddler Groups are mainly for children under three and their parents/carers, but babies, children over three and mothers-to-be are welcome too. Usually running in term time only, groups provide a friendly atmosphere where parents and carers can meet and chat, whilst children have an opportunity to play, share toys and participate in activities – and let off steam!! There is normally a small charge per family to help towards the costs of running the group.
