

Branch coordinator

Hi, I'm Verity and I am a branch coordinator from Slough branch. I have been a branch coordinator for around 3 years and I love every minute. It's rewarding and interesting and I really feel I make a difference to all new parents in my community. I love thinking of new ideas to bring parents together and support those parents in most need within our community. I also feel like we as a branch are supporting parents all across the country by ensuring we take part in fundraising activities. Let me tell you a bit about the role and what makes a good branch coordinator.

What's involved?

- Leading regular branch planning meetings
- Working with your team to provide exciting and interesting activities for parents to be and new parents
- Working with your team to plan fundraising activities to help finance branch expenses and support the national NCT movement
- Linking with NCT staff and regional volunteer teams to ensure two-way communication and make sure everyone is kept up-to-date
- Promoting NCT in your local community
- Recruiting and retaining branch volunteers by enabling a good volunteer experience.

What makes a good branch coordinator...

- Good communication skills including being able to listen and problem solve
- Delegation skills and the ability to set priorities
- The ability to organise people
- Enthusiasm and confidence.

Time commitment:

The time you will spend will vary from week to week but around 2 hours on average. You will also need to be a member of NCT.

What can you expect from NCT?

- You will receive excellent support from your regional volunteer support team and staff from the volunteer support team
- Training relevant to your role
- A great volunteer experience to enable you to develop your skills
- The satisfaction of helping parents locally and nationally.

How do I start?
