

Baby Bundles

Woking Knaphill & District

The NCT wants all parents to have an experience of pregnancy, birth and early parenthood that enriches their lives and gives them confidence in being a parent. At Woking, Knaphill and District NCT our aim is to support Woking parents in as many ways as possible.

Our free **Baby Bundles** are emergency packs of essentials given to pregnant women and families who find themselves without the resources to buy the things they need for their labour and the first few weeks with their new baby. Since we launched the project in 2016 we have provided over 100 **Baby Bundles** to those in need and we are really proud of what we have achieved.
